The number of overs and/or time remaining shall be taken as they were at the originally scheduled or rescheduled time for play and any time lost whilst investigating the par or target score shall be added on to the close of play.

(ii) in all other grades, the team scoring the higher number of runs is the winner.

(c) In any match in which both teams have had the opportunity to bat for a minimum of 15 overs, (or 25 overs - refer 3.16..2 (b) above), but have not had the opportunity to bat for the same number of overs, the result shall be determined by the “Duckworth-Lewis Method of Re-calculating the Target Score in an Interrupted Match”.

3.16.3 Frank Gray Shield Final - Super Over (One Over Per Side Tiebreaker)

The following procedure will apply should the provision for a Super Over be adopted in the Frank Gray Shield Grand Final match.

- (a) If a match is a tie, including by the Duckworth-Lewis method, then the teams shall contest a 1 over per side Super Over.
- (b) Subject to the fitness of ground, weather and light, the Super Over shall commence 10 minutes after the conclusion of the match, at the same ground and using the same pitch.
- (c) The umpires shall stand at the same end as they stood during the match.
- (d) In both innings of the Super Over, the fielding side shall choose which end to bowl from. Whilst neither team is required to nominate either the batters or bowler prior to each innings, once the opening batting pair enters the field of play they are not permitted to be changed. Similarly, once a determination is made by the bowling team as to which end they will bowl from and the opening batters take their respective positions at each end of the pitch, they are not permitted to change ends. For clarity, this playing condition is designed to ensure that the fielding side may determine its bowling strategies based on which batters are opening, and then the batters can choose ends based on the bowling strategies.
- (e) Only nominated players in the main match may participate in the Super Over.

- (f) Each team's over is played with the same fielding restrictions as apply for the last over in the match.
- (g) The team batting second in the match will bat first in the Super Over.
- (h) The same ball used at the end of each team's innings in the match, or a similar ball if that ball is unsuitable for any reason, shall be used for its innings in the Super Over.
- (i) Each team shall bat for one over unless all out earlier. The number of batters is not restricted.
- (j) In the event of both teams having the same score in the Super Over, the result shall be a tie, regardless of the number of wickets lost.
- (k) In the event that the Super Over is unable to be completed due to the fitness of ground, weather and light, the result shall be a tie.

3.16.4 Premiership Positions

- (a)
 - (i) In all competitions, points gained and lost in all preliminary rounds shall count towards positions in the premiership table.
 - (ii) In each competition, all teams shall be ranked according to their relative positions after the preliminary rounds.

 - (ii) In a match in which no result is achieved, run-rate is not applicable.
 - (iii) A team's net run-rate (NRR) is calculated by deducting from the average runs per over scored by that team during the preliminary rounds, the average runs per over scored against that team, as follows-
$$\text{NRR} = \text{Team Run-Rate per over} - \text{Opposing Team Run-Rate per over}$$

- (e) The captain's Match Report is required for each and every match, regardless of whether or not there was any play.

- (a) The SCA may investigate whether the pitch and ground for any match has been prepared both to the best possible standard, and as soon as is reasonably practical.

 - (ii) weather conditions, both at the time and prior to the match;
 - (iii) the method and use of pitch protection and ground preparation equipment; and

3.17.1 Quota of Overs

- (a) Each team may bat for a maximum of 50 overs, unless dismissed earlier, and provided there is no loss of playing time.
- (b) A team that is dismissed shall be deemed to have received its maximum quota of overs. Where the team batting first is dismissed, the team batting second shall be entitled to bat for its maximum quota of overs.
- (c)
 - (i) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the session, play shall continue until the required number of overs has been bowled. The interval shall not be extended, and the second session shall commence at the scheduled time. ***This is subject to the provision that for any innings of more than 210 minutes in duration shall see the change of innings interval reduced to no less than 30 minutes.***
 - (ii) If the team fielding second fails to bowl the required number of overs by the scheduled time for cessation of the session, play shall continue until the required number of overs has been bowled or a result achieved.

3.17.2 Maximum Overs per Bowler

- (a) No bowler shall bowl more than 10 of the total overs allowed in an innings. In a delayed or interrupted match, where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.
- (b) If the total overs allowed is not divisible by five, one additional over is allowed to the maximum number per bowler necessary to make up the balance.
- (c) In the event of a bowler being unable to complete an over, another bowler shall bowl the remaining balls. Such part of an over will count as a full over insofar as each bowler's limit is concerned.

3.17.3 Loss of Playing Time (also refer to 3.12.3)

- (a) The object shall always be to rearrange the number of overs, so that both teams have the opportunity to bat for the same number of overs.
- (b) The finishing time shall be rescheduled by the amount of scheduled playing time lost, up to a maximum of 75 minutes (or prior to daylight savings, up to a maximum of 45 minutes).
- (c) The calculation of the number of overs to be bowled shall be based on an average rate of 14.28 overs per hour in the total playing time available. If a

reduction in the number of overs is required, any recalculation must not cause the match to be rescheduled to finish earlier than the rescheduled finishing time. That time may be extended to allow for one extra over for both teams to be added if required.

- (d) The team batting second shall not bat for a greater number of overs than the team batting first, unless the team batting first has been dismissed in fewer than the agreed number of overs.
- (e) Incomplete or fractions of overs are ignored.

3.17.4 Minimum Over-Rates

Preliminary Rounds

- (a) The bowling team must commence its final over for the innings within 210 minutes of that innings' commencement (refer Table 1B below).

TABLE 1B

Minutes	Overs	Minutes	Overs	Minutes	Overs
210	50	223	53	236	56
215	51	227	54	240	57
219	52	231	55	244	58

- (b) Failure to bowl the minimum number of overs set out in Table 1B will render the bowling team liable to a penalty of 0.1 points for each such over not bowled, which shall be deducted from a team's season competition points, immediately a team has accumulated 10 such overs for the season, and which shall continue to be deducted for all overs not bowled in any future innings.
- (c) Notwithstanding (b) above, a penalty or reduction in the 9 credit overs shall apply only when the last actual over of a day's play is commenced after the time scheduled or rescheduled for stumps on that day, and the SCA-appointed umpires indicate in their Match Report that a penalty shall apply, and advise the captain or Official of the bowling team, on that day, of that penalty or reduction. In the absence of the captain or Official the umpire must instead advise the SCA in writing within 1 working day of the match's completion.
- (d) The captain, or their nominated deputy, may question and discuss with the umpires any over-rate penalty to be applied, but must do so before leaving the ground at the end of the relevant day's play. The SCA does not have the authority to review any penalty applied by the umpires under this playing condition

3.17.5 Restrictions on Underage Bowlers

- (a) No medium pace or faster bowler (broadly defined by one or both umpires as those to whom the wicketkeeper would normally stand back) shall be permitted to bowl more than the number of overs in a spell, and number of overs in an innings as set out below-

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN AN INNINGS
Under 19	8	10
Under 18	8	10
Under 17	6	10
Under 16	6	10
Under 15	5	10
Under 14	4	8

- (b) Length of Break
- (i) All Grades including Age Competitions - The break between spells is to be a minimum of 30 minutes (including the luncheon interval and any interruptions to play).
- (ii) A bowler who has bowled a spell of less than the maximum spell permitted for their age (defined in (a) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply. Following the completion of the extended spell, the normal break of 30 minutes between spells shall apply and the break within the spell is disregarded.
- (iii) If any interruption in play results in an over not being completed, then that part of the over bowled after the break shall constitute one over for the purposes of calculating the bowler's spell and daily limits.
- (c) Change of Bowling Type
- Where a bowler changes between medium pace (or faster) and slow bowling during an innings:
- (i) if the bowler begins with medium pace (or faster), the bowler is subject to the Playing Condition throughout the day; and
- (ii) if the bowler begins with slow bowling and changes to medium pace (or faster), the Playing Condition applies from the time of the change, and all overs of slow bowling bowled prior to the change shall not be taken into account in either the current spell or the innings limit.
- (d) (i) It is the responsibility of the fielding captain to ensure that this Playing Condition is upheld. The umpires will assist in maintaining records to enable the enforcement of this Playing Condition together with the Scorers of the match. Scorers must notify the umpires and fielding captain whenever a bowler reaches the maximum number of overs they may bowl without a break, and must notify the umpires immediately if a bowler starts (or is about to start) an over when they are not permitted to bowl under this Playing Condition.

- (ii) If the umpires become aware of a breach of this Playing Condition, when the ball is dead, they shall direct the captain to take the bowler off forthwith. If applicable, the over shall be completed by another bowler who shall have neither bowled the previous over nor be allowed to bowl the next over.
- (iii) Should a dispute or uncertainty regarding the application of this Playing Condition occur during play, the umpires shall make the final decision on its application based on information available from the Scorers and other sources.

Examples (all assuming bowlers aged 16, and bowling fast, unless otherwise indicated):

1. A bowler bowls 4 overs, and is taken off by the captain. They are brought back from the other end after 15 minutes. They may bowl a further 2 overs, after which they cannot bowl for at least 30 consecutive minutes.
2. A bowler bowls 5 overs, and is then taken off. They return to bowl 75 minutes later. This is considered a new spell, and they can bowl 5 overs in that spell.
3. A bowler bowls 4 overs, and play is then interrupted for 20 minutes. They then wait a further 10 minutes after the resumption, and resumes bowling. This is the commencement of a new bowling spell, and they are permitted to bowl up to 6 overs in this spell (subject to their daily limit).

- (b) As a guide, a delivery that passes outside the leg stump without making any contact with the striker's bat or person shall be called and signalled Wide ball, subject to 3.22 (e).
- (c) Strictly as a guide only, on the off-side a ball passing the batter more than 750mm wide of the off stump shall be called a Wide Ball. That distance shall be marked by a line drawn from popping crease to bowling crease on each side of the wicket.
- (d) Umpires should apply a strict and consistent interpretation in regard to this Playing Condition in order to prevent negative bowling wide of the wicket.
- (e) A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless;
 - (i) the ball passes between the striker and the stumps;

- (ii) the striker moves toward the off side and, in the umpire's opinion, the ball would have made contact with the striker in a normal batting position.
- (iii) the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

3.23 LAW 23 (BYE AND LEG BYE) shall apply.

The umpire shall give such consent as soon as practicable.
- (b) If the player is absent from the field for longer than 8 minutes:
 - (i) the player shall not be permitted to bowl in that innings after their return until they have been on the field for at least that length of playing time for which they were absent.
 - (ii) the player shall not be permitted to bat unless or until, in the aggregate, they have returned to the field and/or their side's innings has been in progress for at least that length of playing time for which they have been absent or, if earlier, when their side has lost five wickets.
- (c) The above restrictions shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).

- (d) In the event of a fielder already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, they shall be allowed to count any such stoppage time as playing time, provided that they personally inform the umpires when they are fit enough to take the field had play been in progress.

The nature of such fielding restrictions and the overs during which they shall apply (hereinafter referred to as the Powerplay Overs) are set out in the following paragraphs.
- (c) Subject to there being no interruptions to play, the Powerplay Overs shall be taken as follows:

- (f) If play is interrupted during an innings and the above table applies, the Powerplay shall take immediate effect. For the avoidance of doubt this applies even if the interruption has occurred during an over.

Examples:

- (i) A 50 over inning is interrupted after 8.3 overs and reduced to 32 overs. The new phases are 7+19+6. Therefore the middle phase fielding re-strictions take immediate effect when play resumes and last for a further 17.3 overs. The final phase begins after 26 overs have been bowled.
