5.16.8 Law 16.8 (Correctness of result)

In any match, the captains shall be responsible for ensuring that the scorebooks are accurate. 5.16.9 Use of Ineligible Player

Where a player participates in any match while ineligible, including under the provisions of Playing Conditions 5.1 and 5.2:

5.16.10 Right of Appeal

A club may appeal to the NSW Cricket Board against any determination by the SCA arising from a match in which it competed, in accordance with the SCA's Rules.

5.17 LAW 17 (THE OVER) shall apply subject to the following.

5.17.1 Quota of Overs

- (a) In Premier Competitions, provided there is no interruption to scheduled playing time, the minimum quota for each day is set out as follows -
 - Qualifying-Finals
 - (i) First Grade and Second Grade.....104 overs;
 - (ii) Third Grade, Fourth Grade & Fifth Grade.....96 overs;
 - Semi-Finals
 - (i) First Grade and Second Grade.....104 overs;
 - (ii) Third Grade, Fourth Grade & Fifth Grade.....96 overs;
 - Finals
 - (i) First Grade to Fifth Grade.....96 overs;
- (b) In Shires Competitions, the minimum quota for each day is 96 overs, provided there is no interruption to scheduled playing time
- (c) Where the commencement of play on any scheduled day is delayed, or there is any interruption(s) to that day's play, the minimum quota is reduced by one over for each 3.75 minutes of scheduled playing time lost, subject to 5.17.2 below (refer Table 2 on page 36).
- (d) Each change of innings shall result in a reduction in the minimum quota of overs by two (2) overs, except that no overs shall be deducted if the change of innings occurs wholly during a break in play due to weather, or a luncheon or tea interval, or if the change of innings is the result of a team forfeiting its innings.
- (e) Where there is a change of innings on either scheduled day, the minimum quota of overs for a new innings shall be calculated by:

- (i) deducting from the daily minimum quota, any overs bowled and any over reductions for loss of play and the change of innings (no deductions are made for the change of innings if it is wholly contained within a break in play due to weather, or a luncheon or tea interval);
or if higher:
- (ii) calculating one full over to be bowled for each 3.75 minutes (or part thereof) of time remaining.
- (f) Any over that has commenced will constitute a full over for the purpose of determining the minimum daily quota of overs.
- (g) Where playing time is lost after the scheduled close of play, the deduction will be continued, or commenced, at the same rate.
- (h) Where a wicket falls in the last over after the scheduled cessation time, but the quota of overs has not been achieved, the over must be completed in order to complete the minimum number of overs. If the last actual over of the day's play is not completed, it shall be completed at the commencement of the following day's play, prior to commencement of the minimum quota of overs for that day's play.

5.17.2 Loss of Playing Time

- (a) Under no circumstances do Game 3 Playing Conditions apply as a result of loss of playing time.
- (b) Where the commencement of play is delayed, or there is any interruption(s) to play due to ground, weather, light or any other unforeseen circumstance:
 - (i) The minimum quota of overs to be bowled that day is:
 - (A) unaffected for the first (aggregate) 30 minutes of scheduled playing time lost; and
 - (B) reduced by one over for each 3.75 minutes of scheduled playing time lost thereafter.
 - (ii) The finishing time is adjusted by the period of scheduled playing time lost, up to a maximum of 30 minutes.

(c) *In Qualifying Finals and Semi-Finals of Premier First Grade and Premier Second Grade matches –*

Where less than 104 overs were bowled on the match's first day due to ground, weather or light conditions, additional time and overs of up to a maximum of 16 overs shall be added to the scheduled playing hours for the next day's play as required (to make up as much lost time as possible). Refer table 5 on page 141.

(d) *In all Premier and Shires Finals Series matches (excluding the Qualifying Finals and Semi-Finals of Premier First Grade and Premier Second Grade) -*

Where fewer than 96 overs were bowled on any day of the final due to ground, weather or light conditions, additional time and overs of up to a maximum of 24 overs shall be added to the scheduled playing hours for the next day's play as required (to make up as much lost time as possible). Refer table 4B on page 140.

5.17.3 Restrictions on Underage Bowlers

- (a) No medium pace or faster bowler (broadly defined by one or both umpires as those to whom the wicketkeeper would normally stand back) shall be permitted

GAME 5 - PREMIER & SHIRES COMPETITIONS FINALS SERIES

to bowl more than the number of overs in a spell, and number of overs in a day's play as set out below:

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN A DAY'S PLAY
Under 19	8	24
Under 17	6	20
Under 15	5	12
Under 14	4	10

(b) Length of Break

- (i) All Grades including Age competitions - The break between spells is to be a minimum of 30 minutes (including the luncheon and tea intervals and any interruptions to play).
- (ii) A bowler who has bowled a spell of less than the maximum spell permitted for his age (defined in (a) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply. Following the completion of the extended spell, the normal break of 30 minutes between spells shall apply and the break within the spell is disregarded.
- (iii) If a change of innings occurs, and a bowler commences bowling in the new innings within 30 minutes of bowling in the previous innings, this shall be considered an extension of the same spell and the maximum spell limit and daily limits for that age of player shall still apply.

(c) Change of Bowling Type

Where a bowler changes between medium pace (or faster) and slow bowling during a day's play:

- (i) if the bowler begins with medium pace (or faster), the bowler is subject to the Playing Condition throughout the day; and
 - (ii) if the bowler begins with slow bowling and changes to medium pace (or faster), the Playing Condition applies from the time of the change, and all overs of slow bowling bowled prior to the change shall not be taken into account in either the current spell or the daily limit.
- (d)
- (i) It is the responsibility of the fielding captain to ensure that this Playing Condition is upheld. The umpires will assist in maintaining records to enable the enforcement of this Playing Condition together with the Scorers of the match. Scorers must notify the umpires and fielding captain whenever a bowler reaches the maximum number of overs he may bowl without a break, and must notify the umpires immediately if a bowler starts (or is about to start) an over when he is not permitted to bowl under this Playing Condition.
 - (ii) If the umpires become aware of a breach of this Playing Condition, when the ball is dead, they shall direct the captain to take the bowler off forthwith. If applicable, the over shall be completed by another bowler who shall have neither bowled the previous over nor be allowed to bowl the next over.
 - (iii) Should a dispute or uncertainty regarding the application of this Playing Condition occur during play, the umpires shall make the final decision on its application based on information available from the Scorers and other sources.

Examples (all assuming bowlers aged 16, and bowling fast, unless otherwise indicated):

1. A bowler bowls 4 overs, and is taken off by the captain. He is brought back from the other end after 15 minutes. He may bowl a further 2 overs, after which he cannot bowl for at least 30 consecutive minutes.
2. A bowler bowls 5 overs, and is then taken off. He returns to bowl 75 minutes later. This is considered a new spell, and he can bowl 6 overs in that spell (subject to his daily limit).
3. A bowler bowls 4 overs, and the players then take a 40-minute luncheon interval. He resumes bowling on resumption (a total of 44 minutes since he last bowled). This is considered a new spell, and he can bowl 6 overs in that spell (subject to his daily limit).
4. A bowler who bowls 6 overs just prior to the end of a day can resume on the next playing day with a new bowling spell, and has a limit on that day of 16 overs.
5. A bowler bowls 10 overs of slow bowling, and then continues his spell, but bowls 2 overs of pace bowling. He then reverts to slow bowling. He is limited to a spell of 6 overs from the time he commenced pace bowling, after which time a break of 30 minutes is required before he can bowl further. The overs bowled prior to his pace overs are ignored totally from both his "bowling spell" and daily limits, but further overs of slow bowling after his pace overs are treated as though they were still being bowled at pace.

5.18 LAW 18 (SCORING RUNS) shall apply.

The umpire shall give such consent as soon as practicable.
- (b) If the player is absent from the field for longer than 8 minutes:
 - (i) the player shall not be permitted to bowl in that innings after his return until he has been on the field for at least that length of playing time for which he was absent. In the event of a follow-on or forfeiture, this restriction will, if necessary, continue into the second innings.

- (ii) the player shall not be permitted to bat unless or until, in the aggregate, he has returned to the field and/or his side's innings has been in progress for at least that length of playing time for which he has been absent or, if earlier, when his side has lost five wickets.
- (c) The above restrictions shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).
- (d) This restriction shall not apply at the commencement of a new day's play.
- (e) In the event of a fieldsman already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress.

If the batsman is unable to resume after the five minutes he shall be recorded in the scorebooks as "Retired – not out" as described above.

- 5.41.2 Law 41.6 (Bowling of dangerous and unfair short pitched deliveries)**

 - (c) The umpire at the bowler's end shall advise the bowler and the batsman on strike when each fast short pitched delivery has been bowled.
 - (d) In addition, for the purpose of this regulation and subject to clause 1.41.3 (f) below, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide.
 - (e) For the avoidance of doubt any fast short pitched delivery that is called a Wide under this playing condition shall also count as one of the allowable short pitched deliveries in that over.
 - (f) In the event of a bowler bowling more than two fast short pitched deliveries in an over as defined in clause 5.41.3 (b) above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short pitched delivery.

The umpire shall call and signal No ball and then tap the head with the other hand.

- (g) If a bowler delivers a third fast short pitched ball in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred. This caution shall apply throughout the innings.
- (h) If there is a second instance of the bowler being no balled in the innings for bowling more than two fast short pitched deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings. The umpire shall also inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred.
- (i) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- (j) The bowler thus taken off shall not be allowed to bowl again in that innings.
- (k) The umpire shall report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.

5.41.3 Law 41.7 (Bowling of dangerous and unfair non-pitching deliveries)

- (a) Any delivery which passes or would have passed on the full above waist height of the striker standing upright at the crease shall be a No ball.
- (b) Any delivery which passes or would have passed on the full above waist height of the striker standing upright at the crease is deemed dangerous and unfair if, in the opinion of the bowler's end umpire, it is likely to inflict physical injury on the striker.
- (c) In the event of a bowler bowling a high full pitched ball as defined in clause 5.41.3 (b) (i.e. a beamer), the umpire at the bowler's end shall, in the first instance, call and signal No ball and when the ball is dead, caution the bowler and issue a first and final warning. The umpire shall inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred.
- (d) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

- (f) The umpire shall report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.

- (a) Call and signal No ball.
- (b) When the ball is dead, direct the captain to take the bowler off forthwith.
- (c) Not allow the bowler to bowl again in that innings.
- (d) Ensure that the over is completed by another bowler, provided that the bowler does not bowl two overs or part thereof consecutively.
- (e) Report the occurrence to the other umpire, to the captain of the batting side and the SCA who shall take such action as is considered appropriate against the captain and the bowler concerned.

5.41.5 Bowling of dangerous and unfair short pitched deliveries.

The bowling of short pitched deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on him/her. The fact that the striker is wearing protective equipment shall be disregarded.

As soon as the umpire decides that the bowling of short pitched deliveries has become dangerous under the paragraph above, he/she shall call and signal No ball. When the ball is dead, the umpire shall caution the bowler, indicating that this is a first and final warning, and inform the other umpire, the captain of the fielding side and the batsmen of what has occurred:

Should there be any further such delivery by the same bowler in that innings, the umpire shall

- (a) call and signal No ball
- (b) when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- (c) inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

The umpire shall report the occurrence to the batsmen and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to the SCA, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team..

PROTECTION OF PLAYING AREA (PLAYING CONDITION - LAW 10) PROCEDURES FOR USE OF COVERS & UNDERLAY

General

- These procedures must be read in conjunction with Law 10 of the Playing Conditions
- Any club unable to comply with Law 10 of the Playing Conditions and these procedures must apply in advance to the Committee, for exemption from these requirements
- The outer perimeter of each cover used must be properly fixed or weighted down, at intervals of no more than 2 metres
- Suitable perimeter fixings or weights for individual covers include metal pegs, sandbags, timber or metal posts, or other covers laid immediately above
- Covers and underlay must be dry both when folded and stored, as well as when laid
- If possible, two layers of underlay should be used, instead of one layer
- If possible, the width of each separate piece of underlay should be full-pitch, rather than half-pitch
- The SCA will determine additional conditions for on-field and off-field requirements of a final series match that will considerably exceed those of preliminary rounds.

Repair and Replacement

- Any visible tear or hole in a cover must be repaired, or the cover replaced
- Any underlay that is torn, rotten, or otherwise damaged must be repaired, or the underlay replaced

Multiple Covers

Where 2 or more covers are used in combination:

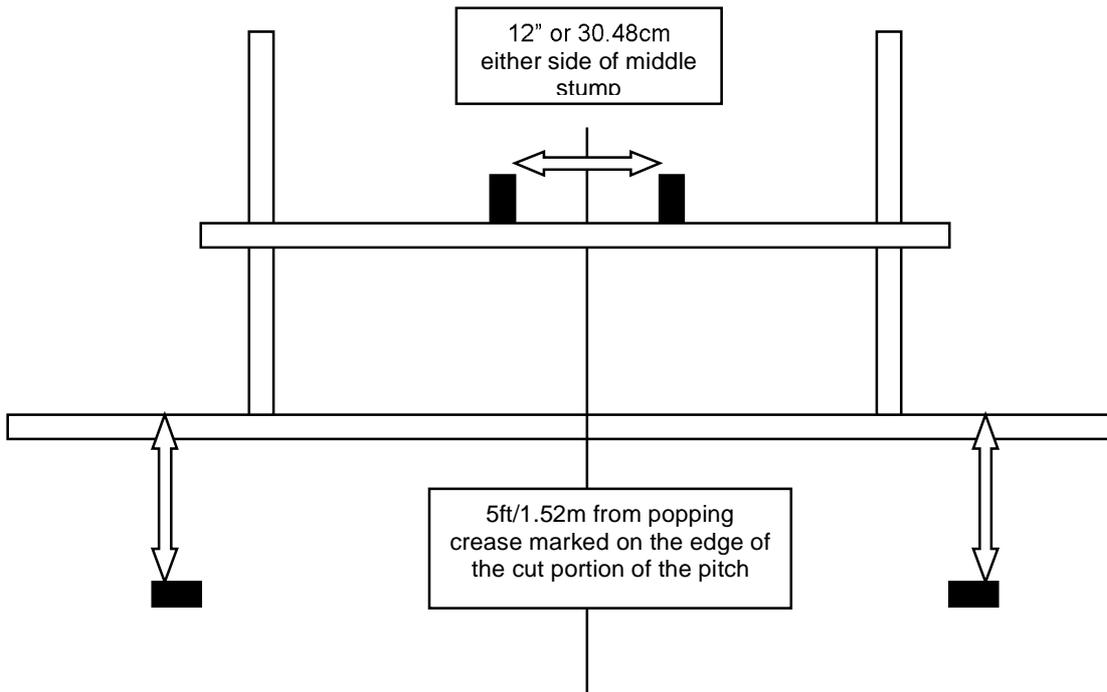

- The total area covered must be at least 30 metres by 10 metres
- The covers must overlap by at least 1.5 metres
- That overlap must be fixed or weighted down at least every 2 metres along its full length
- Underneath all such covers and above any underlay, posts or pipes of at least 50mm thickness must be laid for the overlap's full length, in order to provide an uphill barrier to water penetrating that overlap
- If possible, the edge of the overlap should not face the direction from which prevailing winds are known to come
- If possible, the direction of overlap should be across, rather than parallel to, the match pitch
- If the direction of overlap is parallel to the match pitch, the edge of the overlap should be as far as possible, and no less than 3 metres, from the match pitch

Match Pitch Undercover

- **Premier Competition** - if possible, a strip cover of at least 6 metres width, as well as underlay, should first be laid on the match pitch, underneath the main covers.
- **Shires Competition** - a match-pitch undercover (minimum 3m x 22m) must be laid, as well as the main cover and hessian underlay, for all matches, unless the prior permission of the SCA has been granted (refer 1.10.3 (Form of Pitch Covering)).

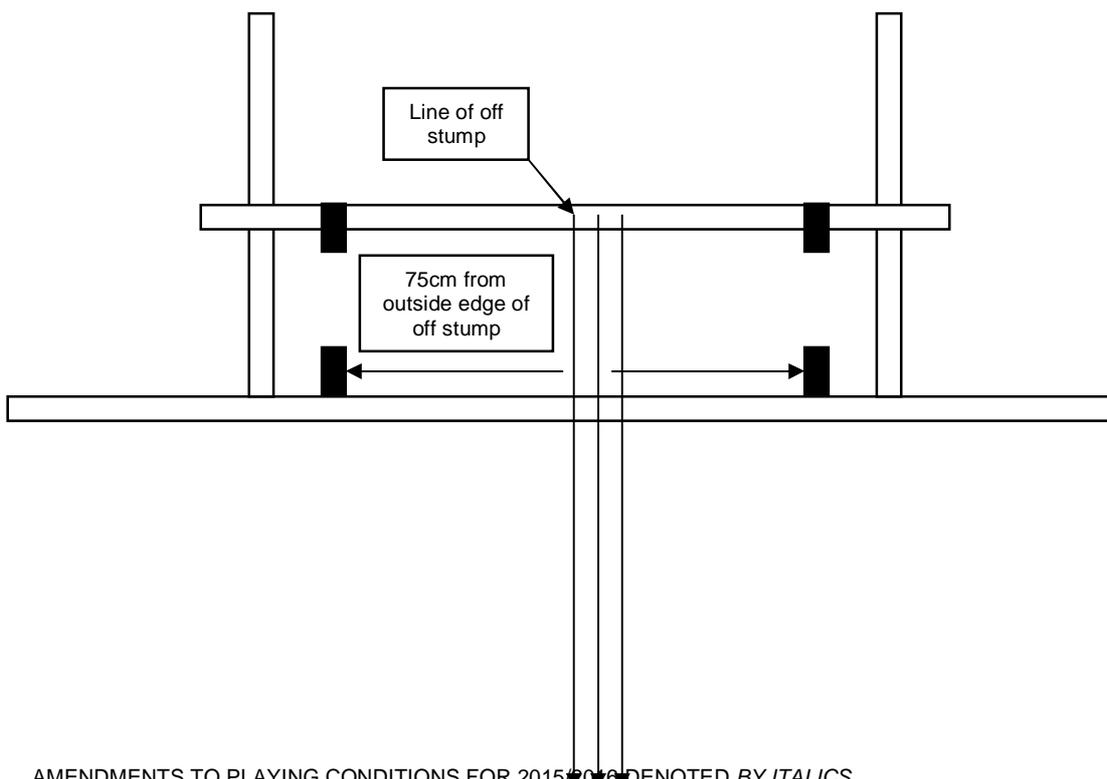

LAW 41.11 (THE PROTECTED AREA)

Protected Area markings must be the same width as the crease markings.

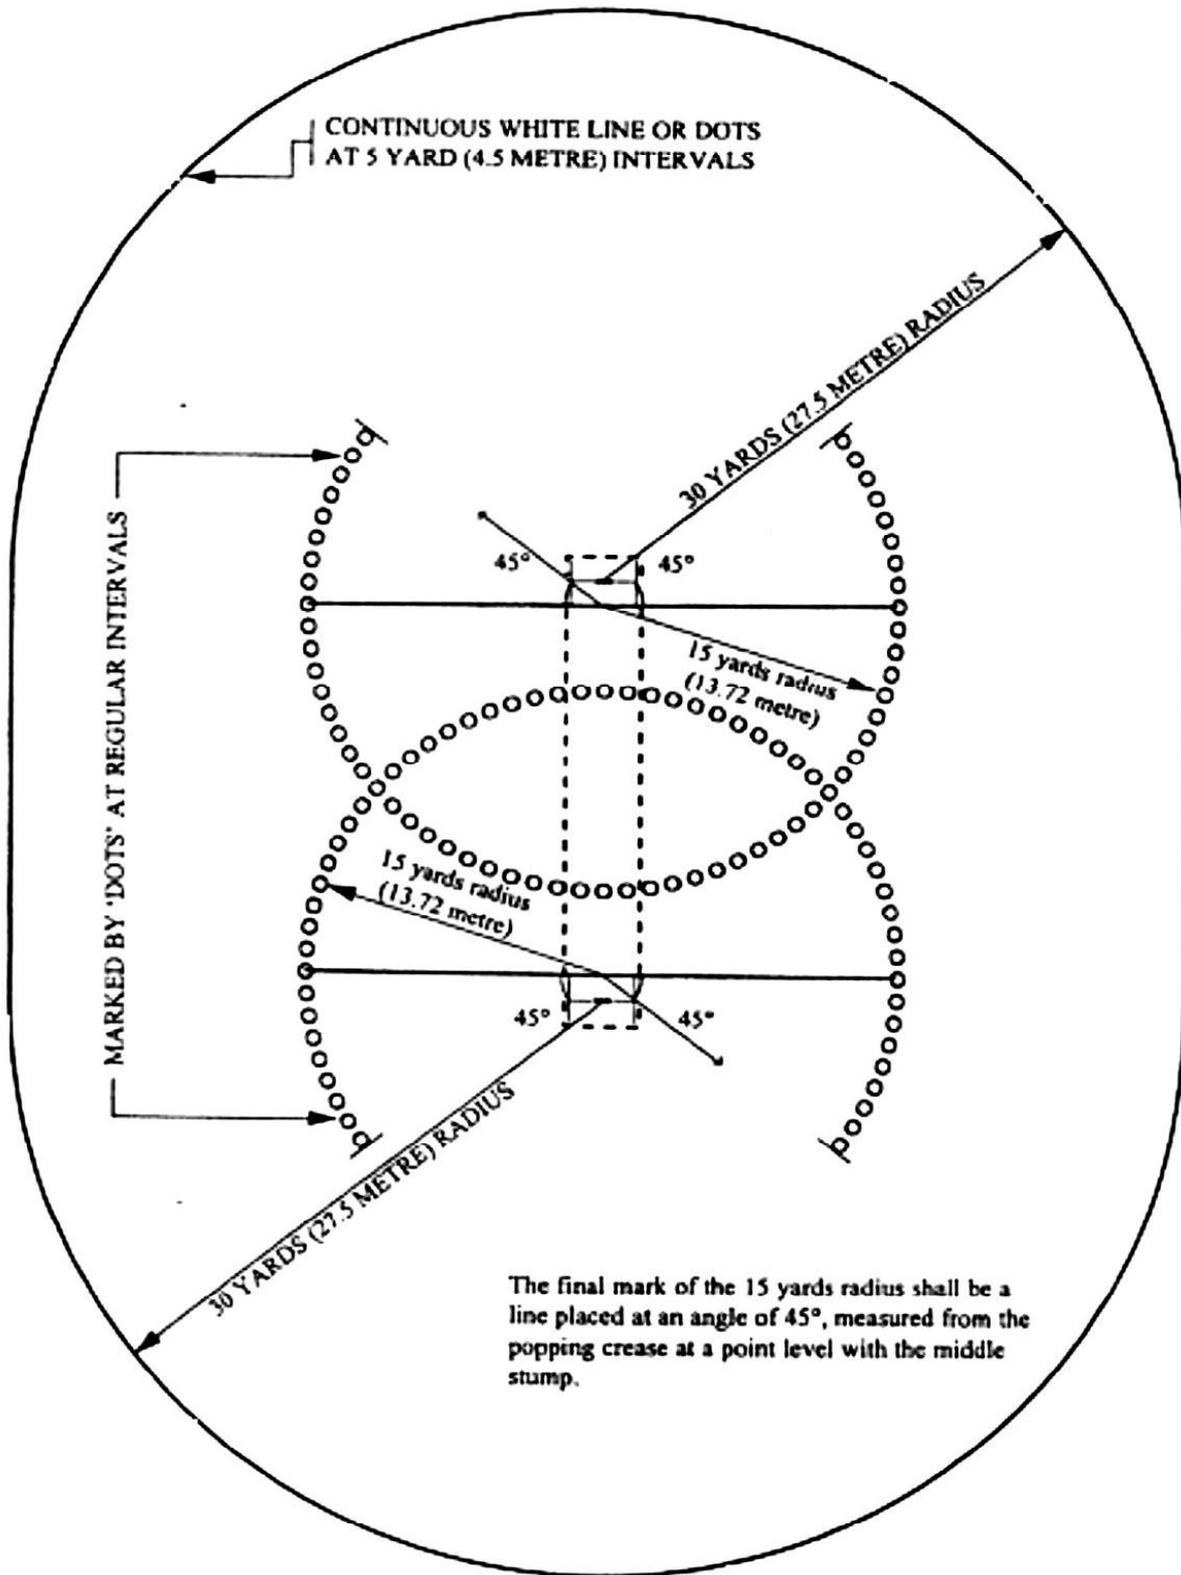

LAW 22 – GAME 3 (WIDE BALL- JUDGING A WIDE)

Wide markings must be the same width as the crease markings. The lines are 30cm in length extending backwards from the popping crease and forward from the bowling crease. The distance of 75cm shall be measured from the outside edge of the off stump on either side of the pitch.

GAME 3 & 4 - LAW 28 (FIELDING RESTRICTIONS)

EXTREME HEAT POLICY

INTRODUCTION

This policy aims to ensure that decisions made during conditions of extreme heat are objective and automatic for the benefit of players, umpires and administrators.

It is recognised that SCA matches are not resourced with medical and emergency support to the extent of First Class matches and therefore it may be unsafe to continue play during conditions of extreme heat.

APPLICATION

This Policy shall apply to all NSW Premier Cricket, Shires and Women's Premier Cricket matches.

TEMPERATURE THRESHOLD

Where a temperature threshold is stated, the following measurement shall apply.

The **"Feels like"** or effective temperature (taking into account wind and humidity) from the nearest weather station in degrees from the BOM Weather App shall be used. The "feels like" temperature may vary from the absolute temperature depending on the level of humidity and wind.

SMARTPHONE APP

BOM Weather shall be the official App for sourcing temperature data. The "feels like" temperature shall be the official temperature measurement. Weatherzone App may be used as a supplementary resource. Smartphone location settings must be enabled.

CESSATION OF PLAY

- **Level 1** – The umpires shall schedule additional drinks intervals in the event that the "feels like" temperature exceeds 37 degrees Celsius. The drinks interval shall be of 10 minutes' duration. Players and umpires may leave the field of play during this interval.
- **Level 2** – Play shall cease immediately in the event that the "feels like" temperature, at the location, reaches or exceeds 43 degrees Celsius.
- **Resumption of play** – Play shall resume if the "feels like" temperature drops below 43 degrees.

LOSS OF PLAYING TIME (DUE TO EXTREME HEAT)

Where there is any interruption(s) to play due to extreme heat:

- (f) The minimum quota of overs to be bowled that day is unaffected.
- (g) The finishing time is adjusted by the period of scheduled playing time lost.
- (h) Play will continue on each match day until the minimum quota of overs has been completed or until light no longer permits.
- (i) Limited-Overs matches: To assist in the calculation of overs remaining following an interruption to play caused by extreme heat, the scheduled finishing time is to be adjusted by the period of time lost, up to a maximum of 90 minutes (or prior to daylight savings, up to a maximum of 60 minutes).
- (j) Playing Condition 1.12.3 (b) does not apply.

ADVANCE CANCELLATION OF AN ENTIRE DAY'S PLAY

The SCA may determine to cancel a day's play in the event that the forecast temperature, at 4:00pm on the day before scheduled play, is 45 degrees or more.

AMENDMENT TO PLAYING TIME

By monitoring 7-day temperature forecasts and seeking to maximise opportunities for play during times of extreme heat, the SCA may determine to instruct teams to commence play at a cooler time of day, for example 8.30am.

EXTREME HEAT POLICY

The SCA will seek to provide clubs with ample advance notice that an amendment to playing time may be imminent.

All participants in every match are to strive to maximise opportunities to play.

INCREASED DRINKS BREAKS, EXTENDED INTERVALS AND CESSATION OF PLAY

Forecast temperature exceeding 37 degrees

Prior to the start of play on any match day, the umpires and captains shall conduct a heat safety briefing -

- (c) to determine increasing the number and duration of drinks intervals, and;
- (d) to determine whether to extend the duration of lunch and/or afternoon tea intervals.

CONCUSSION SUBSTITUTE POLICY & GUIDELINES

5. APPLICATION

- h) Finals Series matches (Premier Cricket and Shires competitions);
- i) Kingsgrove Sports T20 Cup matches;
- j) Poidevin-Gray Shield competition matches;
- k) AW Green Shield competition matches;
- l) Women's Premier Cricket matches;
- m) Frank Gray Shield competition matches.
- n) Two-day preliminary round matches, subject to the prior approval of the SCA.

6. INTRODUCTION

In the event a head trauma occurs, or the umpires suspect that a player may be concussed, a replacement player is allowed for the remainder of the match.

7. PROCESS

The replacement player shall be a similar type of player (best endeavours) who may immediately participate in the match as a complete replacement player for the Concussed Player.

The Concussion Substitute is permitted to bat, bowl, keep wicket or field as though he/she was a member of the starting 11.

The team captain or a club official shall seek the prior approval of the umpires, who shall not unreasonably refuse a request. The umpires need only be reasonably satisfied that a head trauma occurred during the match.

The umpires shall then inform the captain of the opposing team.

8. OBJECTIVE

This policy's objective is to permit the replacement of a player who is suspected of suffering from head trauma or concussion.

The opposing team shall not be unfairly disadvantaged by a team's choice of replacement player.

A team shall take reasonable steps to replace a concussed player with a similar type of player; however, the status of the match may permit other types of replacements, for example –

- A batsman may be replaced by a bowler provided that the team will no longer bowl in the match;
- A batsman may be replaced by a bowler subject to the captain's undertaking that the replacement will not bowl in the match;
- A bowler may be replaced by a batsman provided that the team will no longer bat in the match or the bowler has been dismissed;
