THE LAWS OF CRICKET: THE PREAMBLE - THE SPIRIT OF CRICKET

The Preamble applies to all members of SCA affiliates and makes team captains responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

5.1 LAW 1 (THE PLAYERS) shall apply subject to the following.

5.1.1 Qualifications of Players

- (a) General
 - (i) A player may not play in a Finals Series match in any grade, unless the player has played 5 or more matches in that grade or a lower grade within Shire's 1st-4th Grade during the season, or unless the permission of the SCA has been granted. A player who has played in 7 or more matches in Shire's 5th Grade and/or a combination of 7 or more matches in Shire's 5th Grade and Shires 1st-4th Grade will also be eligible for finals qualification.
 - (ii) A player may not play in a Finals Series match in any grade, if the player has played 3 or more matches during the last 5 rounds in a higher grade or grades, unless the permission of the SCA has been granted. Qualifying Finals and Semi-Finals shall constitute previous rounds for the purpose of this Playing Condition.
 - (iii) A player who has played part of a round in a higher grade as a replacement player is considered to have not played in that higher grade during that round, and a replacement player that has played in any grade for only one day of a two-day round shall be considered to have played a full match in that grade.
 - (iv) A player who has played part of a round in **Shires First & Second Grade** under the Playing Condition 1.1.2 (e) is considered to have not played a full match in that grade and therefore it is not recognised towards a players finals qualification.
 - (v) Matches in the Frank Gray Shield competitions do not contribute towards eligibility.
 - (vi) Matches in non-SCA competitions, including Metropolitan Cup and Chappelow Cup do not contribute automatically towards eligibility. These matches may be considered in an application by the SCA.
 - (vii) For the purposes of this playing condition, for a player to have "played" in a match, team lists must have been exchanged and the match must have commenced.
 - (viii) In carrying out its fiduciary duty, the SCA may prevent or restrict a player's participation in Second Grade, Third Grade and/or Fourth Grade if it determines that a player's relative ability and experience is considered to be unfair to the competition generally.

- (b) Application for Approval
- (i) Any application for permission to play under this Playing Condition must be made in writing to the SCA, clearly setting out details of the player's performances in all matches during the season and the reasons for the player's selection in a higher grade or grades.
 - (ii) Such application must be made no later than 12:30pm on the Tuesday prior to the Finals Series match in question.
 - (iii) If the SCA has granted approval for a player to play in a Finals Series match under (a) above, that approval shall automatically extend to any subsequent Finals Series round in the same grade, and no further application is required.
- (c) Adjacent Teams
- (i) A club with adjacent teams in a Finals Series round may select any player eligible for the higher of those teams in any of those adjacent teams. For example, adjacent teams are First Grade/Second Grade, First Grade/Second Grade/Third Grade, and so on. However, First Grade/Third Grade are not adjacent teams.
 - (ii) If a player qualifies for a Finals Series match under (c)(i) above, and that team is defeated, the player will need to then qualify under (a)(i)-(a)(iii) or (c)(i) above to play in a subsequent Finals Series match in a lower grade.
 - (iii) The SCA does not have the authority to review a player's ineligibility under this Playing Condition.
- (d) No player may play for more than one team in the same round of any competition unless as a Replacement Player.
- (e) No player may play for more than one team on the same date in SCA competitions, except as a substitute in accordance with Law 2 of the Laws of Cricket.
- (f) Overseas Players
- At any one time a club is not permitted to play **more than two overseas players in Shires First Grade**, except with the prior permission of the SCA, and having given 14 days' notice.
- (g) NSW Cricket Association By-Laws
- A player may be an ineligible player under the provisions of NSWCA By-Law 4 (Code of Conduct) and NSWCA By-Law 11.6 (Defaulters).

5.1.2 Replacement Players

- (a) Application
- (i) Subject to the other provisions of this Playing Condition, any player who is not available for every scheduled playing day of a match as a result of participating as a member or appointed support staff in a representative match, may replace another player when available for a match day, or be replaced by another player when not available for a match day.

- (b) Availability of Representative Player Known or Anticipated
- (i) A club shall anticipate the selection of a player for a representative team if the player was selected for that team's previous match, after taking into account the availability of international players for both matches.
 - (ii) Where a club knows or anticipates that a player is not available for every day of a match, it must nominate its team in each grade with replacement(s), prior to the commencement of each match. In such circumstances:
 - (A) the club need not apply to the SCA for permission to use replacement players;
 - (B) each team must nominate on its team sheet list, each replacing player and replaced player prior to the toss for each match;
 - (C) if a replaced player is subsequently omitted from the representative team, all subsequent players are voided and the replaced player completes the match; and

- (c) Availability of Representative Player Not Known or Anticipated
- (i) The availability or non-availability of a player for the second and/or third day of a match, due to a representative team commitment, is considered by the SCA to be not known or anticipated if:

 - (B) the player concerned is not selected for a representative team, having been selected for its previous match;
 - (C) the representative team concerned has not played a match earlier in the season; or
 - (D) special circumstances prevented the club's knowledge of the player's selection in the representative team.
- (ii) If a club wishes to amend any team for the second and/or third day of a match, as a result of such availability or non-availability of a player being not known or anticipated:
- (A) it must obtain the approval of the SCA;
 - (B) it must apply to the SCA immediately, indicating the replacing player(s), the replaced player(s), and all subsequent amendments to other grades; and
 - (C) it must certify that each such application is to replace the originally nominated player with a similar type of player.
- (iii)
- (A) in assessing an application under Playing Condition 5.1.2(c)(ii) above, the SCA will consider the current status of the match, including whether the proposed replacing player will bat, bowl or keep wickets and the player's ability as a batter, bowler or wicketkeeper relative to the proposed replaced player.
 - (B) Should the SCA approve the club's application, each team must provide a new amended team list prior to the commencement of the second day of the match.
- (iv) The SCA may approve the replacement of a player who has been injured in the course of playing for or practising with a representative team, together with subsequent replacements in lower grades, upon prior written application.
- (v) The SCA may approve the replacement of a representative player who has been instructed to rest as a result of Cricket NSW-prescribed workload management and planning, together with subsequent replacements in lower grades, upon prior written application.
- (vi) The SCA will consider any emergency application arising from a late change to a replacement team, or altered requirements of Cricket Australia, NSWCA or SCA, upon receipt of the application.

 - (ii) Where a team includes a replacement player under Playing Condition 5.1.2, that player is also to be nominated on the team list.

5.16.8 Law 16.8 (Correctness of result)

In any match, the captains shall be responsible for ensuring that the scorebooks are accurate. Where the scores of the match are in dispute, the captains and umpires shall, at the conclusion of the day's play, investigate and verify the correctness of the scorebooks and determine the correct result before leaving the ground.

5.17 LAW 17 (THE OVER) shall apply subject to the following.

5.17.1 Quota of Overs

- (a) The minimum quota for each day is 96 overs, provided there is no interruption to scheduled playing time
- (b) Where the commencement of play on any scheduled day is delayed, or there is any interruption(s) to that day's play, the minimum quota is reduced by one over for each 3.75 minutes of scheduled playing time lost, subject to 5.17.2 below (refer Table 2 on page 22).
- (c) Each change of innings shall result in a reduction in the minimum quota of overs by two (2) overs, except that no overs shall be deducted if the change of innings occurs wholly during a break in play due to weather, or a luncheon or tea interval, or if the change of innings is the result of a team forfeiting its innings.
- (d) Where there is a change of innings on either scheduled day, the minimum quota of overs for a new innings shall be calculated by:
 - (i) deducting from the daily minimum quota, any overs bowled and any over reductions for loss of play and the change of innings (no deductions are made for the change of innings if it is wholly contained within a break in play due to weather, or a luncheon or tea interval);or if higher:

- (ii) calculating one full over to be bowled for each 3.75 minutes (or part thereof) of time remaining.
- (e) Any over that has commenced will constitute a full over for the purpose of determining the minimum daily quota of overs.
- (f) Where playing time is lost after the scheduled close of play, the deduction will be continued, or commenced, at the same rate.
- (g) Where a wicket falls in the last over after the scheduled cessation time, but the quota of overs has not been achieved, the over must be completed in order to complete the minimum number of overs. If the last actual over of the day's play is not completed, it shall be completed at the commencement of the following day's play, prior to commencement of the minimum quota of overs for that day's play.

5.17.2 Loss of Playing Time

- (a) Under no circumstances do Game 3 Playing Conditions apply as a result of loss of playing time.
- (b) Where the commencement of play is delayed, or there is any interruption(s) to play due to ground, weather, light, or any other unforeseen circumstance:
 - (i) The minimum quota of overs to be bowled that day is:
 - (A) unaffected for the first (aggregate) 30 minutes of scheduled playing time lost; and
 - (B) reduced by one over for each 3.75 minutes of scheduled playing time lost thereafter.
 - (ii) The finishing time is adjusted by the period of scheduled playing time lost, up to a maximum of 30 minutes.
- (d) In all Shires Finals Series matches -

Where fewer than 96 overs were bowled on any day of the final due to ground, weather or light conditions, additional time, and overs of up to a maximum of 24 overs shall be added to the scheduled playing hours for the next day's play as required (to make up as much lost time as possible). Refer table 4B on page 23.

5.17.3 Restrictions on Underage Bowlers

- (a) No medium pace or faster bowler (broadly defined by one or both umpires as those to whom the wicketkeeper would normally stand back) shall be permitted to bowl more than the number of overs in a spell, and number of overs in a day's play as set out below:

AGE AT 31 AUGUST	MAXIMUM OVERS IN A SPELL	MAXIMUM OVERS IN A DAY'S PLAY
Under 19	8	24
Under 18	8	24
Under 17	6	20
Under 16	6	20
Under 15	5	12
Under 14	4	10

- (b) Length of Break

- (i) All Grades including Age competitions - The break between spells is to be a minimum of 30 minutes (including the luncheon and tea intervals and any interruptions to play).
 - (ii) A bowler who has bowled a spell of less than the maximum spell permitted for their age (defined in (a) above) may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell and the maximum spell limit for that age of player shall still apply. Following the completion of the extended spell, the normal break of 30 minutes between spells shall apply and the break within the spell is disregarded.
 - (iii) If a change of innings occurs, and a bowler commences bowling in the new innings within 30 minutes of bowling in the previous innings, this shall be considered an extension of the same spell and the maximum spell limit and daily limits for that age of player shall still apply.
- (c) **Change of Bowling Type**
- Where a bowler changes between medium pace (or faster) and slow bowling during a day's play:
- (i) if the bowler begins with medium pace (or faster), the bowler is subject to the Playing Condition throughout the day; and
 - (ii) if the bowler begins with slow bowling and changes to medium pace (or faster), the Playing Condition applies from the time of the change, and all overs of slow bowling bowled prior to the change shall not be taken into account in either the current spell or the daily limit.
- (d) (i) It is the responsibility of the fielding captain to ensure that this Playing Condition is upheld. The umpires will assist in maintaining records to enable the enforcement of this Playing Condition together with the Scorers of the match. Scorers must notify the umpires and fielding captain whenever a bowler reaches the maximum number of overs they may bowl without a break and must notify the umpires immediately if a bowler starts (or is about to start) an over when they are not permitted to bowl under this Playing Condition.
- (ii) If the umpires become aware of a breach of this Playing Condition, when the ball is dead, they shall direct the captain to take the bowler off forthwith. If applicable, the over shall be completed by another bowler who shall have neither bowled the previous over nor be allowed to bowl the next over.
- (iii) Should a dispute or uncertainty regarding the application of this Playing Condition occur during play, the umpires shall make the final decision on its application based on information available from the Scorers and other sources.

Examples (all assuming bowlers aged 16, and bowling fast, unless otherwise indicated):

1. A bowler bowls 4 overs and is taken off by the captain. They are brought back from the other end after 15 minutes. They may bowl a further 2 overs, after which they cannot bowl for at least 30 consecutive minutes.

2. A bowler bowls 5 overs and is then taken off. They return to bowl 75 minutes later. This is considered a new spell, and they can bowl 6 overs in that spell (subject to their daily limit).
3. A bowler bowls 4 overs, and the players then take a 40-minute luncheon interval. They resume bowling on resumption (a total of 44 minutes since they last bowled. This is considered a new spell, and they can bowl 6 overs in that spell (subject to their daily limit).
4. A bowler who bowls 6 overs just prior to the end of a day can resume on the next playing day with a new bowling spell and has a limit on that day of 16 overs.
5. A bowler bowls 10 overs of slow bowling, and then continues their spell, but bowls 2 overs of pace bowling. They then revert to slow bowling. They are limited to a spell of 6 overs from the time they commenced pace bowling, after which time a break of 30 minutes is required before they can bowl further. The overs bowled prior to their pace overs are ignored totally from both their “bowling spell” and daily limits, but further overs of slow bowling after their pace overs are treated as though they were still being bowled at pace.

- (e) In the event of a fielder already being off the field at the commencement of an interruption in play through ground, weather, or light conditions or for other exceptional circumstances, they shall be allowed to count any such stoppage time as playing time, provided that they personally inform the umpires when they are fit enough to take the field had play been in progress.

This caution shall apply throughout the innings.
- (h) If there is a second instance of the bowler being no balled in the innings for bowling more than two fast short pitched deliveries in an over, the umpire shall advise the bowler that this is their final warning for the innings. The umpire shall also inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred.
- (i) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No ball and when the ball is dead direct the captain to take the bowler off forthwith. - (k) The umpire shall report the occurrence to the other umpire, the batters at the wicket and as soon as possible to the captain of the batting side.
